NATURAL SPECIFICATIONS

Seller, certifies they are the original owner of cattle, or if they are not the original owner, they agree to provide signed Natural certification from the original owner. Seller certifies any cattle that received therapeutic treatment (after being sold and prior to delivery) will be identified and will not be shipped. Seller certifies the cattle have never and will never receive any of the following:

Antibiotics or Sulfas (injected, fed or topical: Aeromycin, Draxxin, Nufflor, Albon, CTC, etc.)

Hormone Growth Promotants (implanted or fed: Revalor, Ralgro, Synovex, Component, Lutalyse, CIDRs, MGA, etc.)

Inophores (Bovatec, Rumensin, Cattlyst, Gainpro, V-Max, etc.)

Beta-Agonists (Optaflexx, Zilmax, etc.)

Animal By-Products (from fish, birds, or mammals) in feedstuffs, mineral supplements or feed tubs, including, but not limited to tallow, feather meal, fish oil, poultry litter, milk replacer, yellow grease, etc.)

Prohibited products are not limited to the examples, so please review your feedstuffs, minerals and supplements for ingredients.
